Document ID: FIN-POL-TRV-005

Version: 4.1

Effective Date: March 15, 2024

Policy Owner: Global Travel & Expense Management (Finance)

Classification: Internal / Confidential

1. Purpose and Objective

The purpose of this policy is to establish clear guidelines for corporate travel, accommodation, and related business expenses. The Company aims to ensure traveler safety, maintain fiscal responsibility, and streamline the reimbursement process for all employees traveling on official Company business.

2. Scope and Applicability

This policy applies to all full-time employees, executives, and authorized contractors who incur travel and entertainment expenses on behalf of the Company. All corporate travel must be pre-approved by the employee's direct line manager before any bookings are made.

3. Travel Booking Procedures

To ensure compliance with corporate negotiated rates and duty-of-care tracking, all travel arrangements must be made exclusively through the Company's designated platform, **TravelDesk** (integrated with Concur).

- Bookings made through third-party consumer sites (e.g., Expedia, Booking.com, Airbnb) are strictly prohibited and will not be reimbursed unless an emergency exception is granted by the VP of Finance.
- Flights must be booked at least **14 days in advance** to secure optimal pricing.

4. Flight Class and Guidelines

Employees must select the lowest logical airfare available that meets business requirements.

- **Domestic Flights / International Flights under 8 Hours:** Standard Economy Class only.
- **International Flights over 8 Hours:** Premium Economy is permitted.
- **Business Class Exception:** Only permitted for C-Suite executives or for Director-level and above on international flights exceeding 12 continuous hours in the air.

5. Accommodation Standards

Hotel bookings must adhere to the nightly rate caps (excluding taxes) based on the destination city tier.

- **Tier 1 Cities (e.g., New York, London, Tokyo, San Francisco):** Up to USD 300 per night.
- **Tier 2 Cities (e.g., Chicago, Paris, Sydney, Singapore):** Up to USD 225 per night.
- **Tier 3 Cities (All other locations):** Up to USD 150 per night.
- If hotels within the rate cap are unavailable due to major city events (e.g., conferences), the system will flag the overage for secondary manager approval.

6. Daily Per Diem and Meals

The Company provides a daily allowance (Per Diem) to cover meals (breakfast, lunch, dinner) and minor incidentals (e.g., coffee, tips) while traveling.

- **Domestic Travel Per Diem:** USD 75 per day.
- **International Travel Per Diem:** USD 120 per day.
- *Note:* If meals are provided by a hotel, conference, or client, the per diem must be prorated and reduced accordingly on the expense report.

7. Client Entertainment

When hosting clients or prospective business partners, reasonable entertainment expenses are reimbursable.

- The maximum allowable spend is **USD 100 per attendee** (including taxes and gratuity).
- Alcohol may be expensed *only* during approved client entertainment dinners. Alcohol consumed alone or exclusively with other Company employees is strictly non-reimbursable.
- The names of all attendees, their company affiliations, and the business purpose of the meeting must be documented in Concur.

8. Expense Reporting and Reimbursement SLAs

- **Submission Timeline:** All expense reports must be submitted via Concur within **15 calendar days** of the completion of the business trip.

- **Receipt Requirements:** Itemized, original receipts are mandatory for any individual expense exceeding USD 25. Credit card statements alone are not sufficient proof of purchase.
- **Reimbursement SLA:** Correctly submitted and approved expense reports will be reimbursed to the employee's designated bank account within 10 business days.

9. Non-Reimbursable Expenses

The Company will not reimburse the following items under any circumstances:

- Traffic citations, parking tickets, or towing fines.
