

Shift and On-Call Allowance Policy

Document ID: HR-POL-CMP-008

Version: 3.1

Effective Date: July 1, 2024

Policy Owner: Total Rewards & Compensation

Classification: Internal / Public (Employees)

1. Purpose and Objective

The Company operates in a global, 24/7 business environment. This policy establishes the compensation framework for employees required to work outside of standard business hours, including staggered shifts, night shifts, and weekend on-call duties, ensuring fair and equitable remuneration for these operational demands.

2. Scope and Applicability

This policy applies to full-time and part-time employees in designated support, engineering, and customer success roles whose employment contracts explicitly mandate rotational shifts or on-call availability.

- **Exclusions:** Executive management (Director-level and above) and employees in strictly administrative or purely autonomous roles are not eligible for shift or on-call allowances.

3. Shift Definitions and Allowance Rates

Allowances are calculated per qualifying shift and paid out as a taxable component in the subsequent month's payroll cycle.

3.1 Standard and Staggered Shifts

- **Standard Shift:** Any 8-hour shift occurring entirely between 07:00 AM and 07:00 PM local time. *No allowance applicable.*
- **Evening Shift:** Any shift where at least 4 hours of work fall between 04:00 PM and 11:59 PM local time.
 - **Allowance:** USD 15 (or local equivalent) per shift.

3.2 Night Shift

- **Definition:** Any shift where at least 4 hours of work fall between 12:00 Midnight and 07:00 AM local time.
- **Allowance:** USD 30 (or local equivalent) per shift.
- **Transport Safety:** Employees mandated to work the Night Shift are entitled to free door-to-door cab drops provided by the Company's transport desk. If company transport is unavailable, actual ride-share expenses up to USD 40 per shift may be expensed via Concur.

4. On-Call and Weekend Rosters

4.1 Weekend / Public Holiday Shift

Employees rostered to work their standard 8-hour shift on a Saturday, Sunday, or a declared public holiday will receive a **Compensatory Off (Comp-Off)** day, which must be utilized within 60 days, plus a flat allowance of **USD 50 per day**.

4.2 Standby / On-Call Allowance

Engineers and IT Support staff placed on an official "On-Call Pager" roster (requiring them to be available via phone/laptop within a 30-minute SLA outside of normal hours) will receive:

- **Weekday Standby:** USD 25 per 24-hour period.
- **Weekend/Holiday Standby:** USD 50 per 24-hour period.
- *Note:* If an on-call employee is paged and must actively work for more than 2 cumulative hours, they will receive their standard hourly overtime rate in addition to the standby allowance.

5. Claims and Approval Process

1. **Roster Publication:** Department managers must publish shift and on-call rosters in the HRMS at least 14 days in advance.
2. **Timesheet Submission:** Employees must log their actual shift timings in the HRMS Timesheet module by the 25th of each month.
3. **Managerial Approval:** Line managers must review and approve timesheets by the 28th of the month to ensure allowances are captured in the current payroll cycle.

6. Points of Contact

- **Tier 1 (Timesheet & Roster Issues):** hr-ops@company.com

- **Tier 2 (Payroll & Allowance Deductions):** payroll-services@company.com
- **Tier 3 (Cab/Transport Safety Issues):** facilities-transport@company.com
